Mercer House Bòria BCN

In one of the most fashionable
and cosmopolitan areas in Barcelona

The Mercer House Bòria BCN is located in a building with character, in the middle of the Born district, the ancient medieval merchant's quarter and among streets that are full of history. A small 18th century palace, which has preserved the historical characteristics of the building, houses 11 designer rooms and holiday apartments in the heart of Barcelona.

Rooms with personality, completely refurbished. Open, modern and functional spaces. Tropical wood floors, large windows, high ceilings or exposed stone walls. An intimate and peaceful atmosphere. Holiday apartments with a fitted kitchen, living room and separate bathroom to experience your stay in Barcelona at your own pace, with your family or with friends.

A privileged location. A magical environment that in an almost subliminal and involuntary way will compel you to get lost among its singular and busy cobblestone streets and discover step by step, corner by corner and monument by monument the city of Barcelona. Visit the Picasso Museum, the Palau de la Música, the Santa Catalina Market, the Basilica of Santa María del Mar, a walk along the Ramblas, the Plaza Catalunya ... And back to your apartment enjoy a well deserved rest.
